Sources: CDC and CRC data are provided by the California Department of Corrections. CYA data are provided by the California Department of the Youth Authority. Jail population data are provided by the California Board of Corrections (BOC).

Notes: Rates may not add to subtotals or total because of rounding.

By statute, interagency transfers between CDC, CYA, and Department of Mental Health (DMH) state hospitals may occur.

¹ CDC counts include felons housed in CRC and DMH state hospitals.

² CRC counts are for commitments to the Civil Narcotic Addict Program. Although CRC is a CDC institution, these CRC counts are not included in the CDC counts.

For additional information, see "Data Characteristics and Known Limitations" in Appendix 1.

³ Outpatients are civil narcotic addicts under parole supervision.

⁴ Average daily jail populations are for Type II, III, and IV facilities.

⁵ Counts may not add to the total due to projections and rounding of numbers made by the BOC.

⁶ Rates are based on the adult population at risk (18-69 years of age) for each year (see Table 58).

^a In 2005, adjustments were made to the 2003 and 2004 adult probation data; therefore, counts do not match previously published data.
